AG 200 極致探索 梦想随行

Nostalgic style, new design, leading new fashion. CUB PRO is your good partner for commuting and short trips.

KAMAX Ind. Co., Ltd.

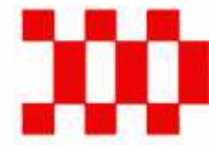

WWW.KAMAXGROUP.COM

Fuel-efficient & Cost-saving

- Ultra-low fuel consumption: Only 1.7L per 100km.
- Compatible with YAMAHA aftermarket parts for easy repair and replacement.
- 8L fuel tank provides 450km+ range.
- Extremely low commuting and maintenance costs.
- Spare parts widely available everywhere.

I AG 200 Features

Comfortable Seat Cushion

Extra-large soft leather seat ensures exceptional comfort even on long rides.

Brake&Clutch Lever Guards

Prevent striking the hands when riding through bush or trees. Heavy tubular construction withstands hard impacts.

Rugged Skid Plate

A large, strong skid plate protects the frame.

High Utility Rack For Cargo Passengers

- Front and rear cargo racks suitable for grocery shopping, commuting, passenger transport, courier delivery, and cargo hauling.

I AG 200 Features

**Option Engine
AG200\AG250**

**All-Terrain
Off-Road Tires**

**Lightweight &
Easy To Handle**

Waterproof & Mud-resistant Body

- Extra-large front fender and rear flexible mudguard for complete protection against gravel, mud, and water splash.
- Ideal for rainy and muddy conditions in South Africa and Congo regions.
- Chain box and protective guard provide dual protection against mud intrusion and impact deformation.

Fully-enclosed Chain Cover

The cover protects the chain from dirt and water while the tubular metal guard protects the chain cover from obstructive and extremely rough ground.

I AG 200 Features

Mechanical Tilt Lock

Manually switchable tilt control with a locking mechanism to prevent tip-overs.

Dual Side Stands

Dual side stands keep the bike standing when parked in soft ground or on slopes. Extra broad bases prevent sinking in mud, sand, etc. Furthermore, the large angle makes it easier to maintain.

High-rigidity Frame Spoked Wheels

High-rigidity frame and spoked wheels provide excellent impact resistance and durability, built for heavy-duty off-roading.

Rear Toolbox

Can be used to store vehicle tools.

Excellent Hill-climbing Off-road Capability

- Maximum torque 13.5N·m at 6500rpm with strong low-end torque for climbing and off-road terrain.
- High-rigidity frame and spoke wheels provide superior impact resistance for intensive off-road use.

AG200 Technical Specifications

ENGINE ■ ■ ■

Engine	: 200CC
Type	: 200CC four stroke, air-cool
BorexStroke	: 63.5×62.5
Displacement	: 197
Compression	: 9.1:1
Output, Max(Kw/Rpm)	: 10kw/7500rpm
Torque, Max(N.M/Rpm)	: 13.5kw/6500rpm
Ignition	: CDI
Starting System	: Electric/Kick ; Electronics/Kick
Gear and Clutch	: 5-Speed
Drive Train	: Chain drive
Size	: 385×355×505

CHASSIS ■ ■ ■

Suspension(Front/Rear)	: Hydraulic Spring Shock
Brakes(Front/Rear)	: Drum
Tires(Front/Rear)	: 80/100-21 / 110/100-18

DIMENSIONS ■ ■ ■

LxWxH	: 2090×800×1240mm
Wheelbase	: 1375mm
Seat Height	: 850mm
Min ground clearance	: 270mm
Net Weight	: 124kg
Net Weight	: 141kg
Max Load	: 150kg
Max Speed	: ≥95km/h
Climbing Ability	: ≥13°
Fuel Tank Capacity	: 8.0L
Fuel Type	: Unleaded Gasoline With Octane No. 92 Or Higher
Fuel consumption	: 1.7L/100km
Battery	: 12V3Ah
Loading Quantity(40HQ)	: CKD175 sets/CBU 99 pcs
